

RESTORE & IMPROVE *your parks*

Tree Program

New trees make great gifts! Choose from two options:

Any Park (\$200): plants a tree anywhere in Seattle, location not tracked.

Park-Specific (\$750): plants a tree in a known location you can visit for many years to come.

Tree Program Support: A gift of any amount for Tree Program Support will be used for ongoing planting, watering, and maintenance of Seattle's trees.

Bench Program

Donate new benches, or refurbish existing benches. Park bench dedications have a life-span of 15 years for new benches and 10 years for refurbishments. (See back for bench form.)

Yellow Swings Program

These ADA swings allow a wide range of users to sit deeply in the seat & use gravity to hold the user comfortably in place. The high back supports users with weak or no back & neck strength.

Special Landscapes

A perfect way for families or organizations to pool resources and contribute to the lasting beauty of Seattle's parks. Special landscape donations restore planting beds, plant tree groves, or renew large areas of parks and green spaces.

Annual Fund Support

Help us continue to improve and expand Seattle's parks and green spaces. Since 2001, we have completed 26 park projects with the generous support of people like you.

New park benches refers to the donation and installation of a bench within a park where none existed before. Seattle Parks & Recreation makes all decisions regarding placement of new park furnishings. New park furnishings are a great way to improve upon a park with need for additional seating or amenities. In most parks, a plaque is installed when a new bench is donated.

Refurbished benches refers to the renewal of an existing park bench through removal of old wood back- and seatrests and replacement with new wood, and frame repairs as needed. Refurbishments are a wonderful way to improve upon existing park furniture for the enjoyment of all park-goers. In most parks, a plaque may be installed when a refurbishment is donated.
