

SEATTLE PARKS FOUNDATION

**FINANCIAL STATEMENTS WITH
INDEPENDENT AUDITORS' REPORT**

JUNE 30, 2020

INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Seattle Parks Foundation
Seattle, Washington

We have audited the accompanying financial statements of Seattle Parks Foundation (a nonprofit organization), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Seattle Parks Foundation as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 1 – Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities – Seattle Parks Foundation (the Organization) is an independent 501(c)(3) nonprofit that promotes philanthropy and advocates for public policies and investment to support and sustain a thriving system of community-led park and public space projects that improve the health and happiness of all Seattle residents. Since its founding in 2000, donors have given more than \$61 million through Seattle Parks Foundation to support 219 successful park projects across the city.

The Organization currently serves as fiscal sponsor for 87 groups championing new and enhanced park space, playgrounds, tree canopy projects, pedestrian and bike trails, stream daylighting, and myriad other projects—large and small—across Seattle. The Organization provides these community partners with the administrative, financial, fundraising, communications, and coaching services they need to make the city a safer, more beautiful, and more welcoming place for all to live.

In the year ended June 30, 2020, donors to Seattle Parks Foundation contributed over \$5.2 million to support this work. The Organization used its Community Parks Fund (see Note 10) to match contributions to its community partners, driving over 600 donations to 61 community partner groups during GivingTuesday and GiveBIG campaigns. Additionally, in response to the COVID-19 Pandemic, the Organization distributed \$40,000 to projects in need of immediate financial support.

Along with supporting community partners across the city, the Organization is concentrating efforts and resources on major, long-term green space initiatives in the underserved neighborhoods of Rainier Beach, Little Brook/Lake City, and the Duwamish River Valley. The Organization is partnering with local groups and facilitating collaboration between these groups, nonprofits, and city agencies to advance equitable planning and investment in these priority neighborhoods.

Basis of Accounting and Presentation – The financial statements of the Organization have been prepared on the accrual basis of accounting and report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The Board has designated certain otherwise net assets without donor restrictions as the Board designated Community Parks Fund and an operating reserve. These funds are approved by the Board to be held for specific purposes and require Board approval to designate for any other purpose.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 1 – Nature of Activities and Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents – For purposes of the statement of cash flows, the Organization considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash and cash equivalents. At June 30, 2020, cash and cash equivalents consist of checking and money market accounts. At times, cash and cash equivalents may exceed federally insured limits. The Organization has not experienced any losses in these accounts, and management does not believe it is exposed to any significant credit risk.

Accounts Receivable – Accounts receivable consist primarily of outstanding invoices for program service work and government grants and contracts. All account balances are due in less than one year. No allowance for uncollectible balances has been established by management based upon the Organization’s historical experience in the collection of balances due.

Pledges Receivable – Pledges receivable are recognized in the period the pledge is received and consist of outstanding promises to give from a variety of individuals and foundations. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in more than one year have been discounted to the present value of estimated cash flows. The Organization uses discount rates between 1.5% and 2.3% to calculate the net present value of pledges receivable due in more than one year. An allowance for uncollectible balances has been established by management based upon the Organization’s historical experience in the collection of balances due.

Investments – The Organization carries investments with readily determinable fair values at their fair values in the statement of financial position. Certificates of deposit are carried at cost plus accrued interest. Investment return is included in in the accompanying statement of activities.

Fair Value Measurements – Fair value is defined as the price received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Accounting standards establish a hierarchy for measuring fair value that gives the highest priority to unadjusted quoted prices in active markets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, or other inputs that can be corroborated by observable market data.
- Level 3 Inputs that are not observable that reflect management’s assumptions and estimates.

Fair value measurements apply to the Organization’s investments in equity mutual funds and exchange traded funds, which are classified within Level 1 of the fair value hierarchy.

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 1 – Nature of Activities and Summary of Significant Accounting Policies (continued)

Property and Equipment – Property and equipment is carried at cost or, in the case of donated property, at the estimated fair value at the date of donation. Depreciation is computed using the straight-line method over a period of three to five years. The Organization follows a policy whereby it capitalizes purchases of property and equipment with a value in excess of \$1,000 that provide future benefits over a period longer than one year.

Revenue Recognition – Revenue is recognized when earned. Contributions (including those received at special events) are recognized when cash, securities or other assets, or an unconditional promise to give is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met. Expirations of net assets with donor restrictions (i.e., the donor-stipulated purpose has been fulfilled or the stipulated time period has elapsed) are reported as reclassifications between net assets with donor restrictions and net assets without donor restrictions.

Revenues from government grants are recognized when the qualified expense is incurred and are subject to audit and retroactive adjustment made by the funding agencies. The adjustments would be recorded at the time that such amounts can first be reasonably determined, normally upon notification by the government agency. There were no government audits or adjustments during the year ended June 30, 2020.

In-kind Contributions – Donations of facilities, goods and services are recognized as revenue at the estimated fair value at the date of donation if they meet the criteria for recognition. The Organization recognizes donated services if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not donated. Volunteers provide valuable services throughout the year that are not recognized in the financial statements as the criteria above have not been met.

Functional Expense Allocation – The statement of functional expenses present expenses by function and natural classification. Certain categories of expenses are attributable to more than one program or supporting function and require allocation on a reasonable basis that is consistently applied. Management estimates the Organization's salary expense allocation based on individual time spent by employees by function. Management's estimated allocation of other expenses is based on the salary allocation, unless a different allocation is more appropriate.

Estimates – Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Income Tax Status – The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. The Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi) and has been classified as an organization other than a private foundation under Section 509(a)(1).

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 1 – Nature of Activities and Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements – The Financial Accounting Standards Board (FASB) issued two Accounting Standard Updates (ASUs) that will affect the Organization’s revenue recognition.

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. ASU 2014-09, and all subsequently-issued clarifying ASUs, replaced most existing revenue recognition guidance in accounting principles generally accepted in the United States of America (U.S. GAAP). ASU 2014-09 also required expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The Organization adopted ASU 2014-09 effective July 1, 2019, using the modified retrospective approach. There was no cumulative effect from the initial application recognized as an adjustment to opening net assets as a result of the adoption, and the adoption did not have a significant impact on the financial statements for the year ended June 30, 2020.

In June 2018, the FASB issued ASU 2018-08, *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*, which provides guidance in evaluating whether transactions should be accounted for as nonexchange or exchange transactions. In addition, ASU 2018-08 provides guidance for the identification and recognition of conditional nonexchange transactions. The Organization adopted ASU 2018-08 effective July 1, 2019, using the modified prospective approach. The adoption did not have a significant impact on the financial statements for the year ended June 30, 2020.

Subsequent Events – Subsequent events were evaluated through January 14, 2021, which is the date the financial statements were available to be issued.

Note 2 – Liquidity and Availability

Financial assets available for general expenditure within one year of the statement of financial position date are as follows at June 30, 2020:

Financial Assets	
Cash and cash equivalents	\$ 2,546,601
Investments	9,889,028
Pledges and accounts receivable	806,779
	<hr/>
	13,242,408
Less those unavailable for general expenditures within one year:	
Receivables collectible beyond one year	(187,784)
Restricted by donors for purpose or time	(5,555,736)
Board designated funds (unavailable without Board approval)	(6,687,927)
Available to be released by Board for general expenditures	1,727,630
	<hr/>
Financial assets available within one year	<u><u>\$ 2,538,591</u></u>

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 2 – Liquidity and Availability (continued)

The Organization prepares an annual budget that is approved by the Board of Directors. The budget generally allows for sufficient financial assets to be available to cover expenditures and liabilities as they come due. Expenditures are tracked and compared to budgeted amounts on a monthly basis. The monthly budget reports are reviewed by the Board of Directors. In the event of unanticipated financial shortfalls, the Board has established an operating reserve. With approval of the Board, these funds may be used to temporarily support operations in order to maintain business continuity.

Note 3 – Investments

The Organization’s investments consist of the following at June 30, 2020:

Cash and money market funds	\$ 2,282
Equity mutual funds	7,010,492
Exchange traded funds	1,646,242
Certificates of deposit	1,230,012
	<u>\$ 9,889,028</u>

Note 4 – Pledges Receivable

The Organization’s pledges receivable consist of the following at June 30, 2020:

Receivable in one year or less	\$ 487,149
Receivable in one to five years	210,000
	<u>697,149</u>
Less discount on long term pledges	(13,116)
Less allowance for doubtful accounts	(9,100)
	<u>\$ 674,933</u>

Note 5 – Conditional Grants and Contributions

As of June 30, 2020, the Organization has received notice of 36 multi-year government grant awards totaling \$2,090,391, of which \$334,252 was recognized before June 30, 2019 and \$515,974 was recognized in the year ended June 30, 2020. The remainder of these awards, totaling \$1,240,165, will be received in subsequent years, contingent on the Organization’s completion of terms and conditions set forth in the grant agreements. As the remainder represents conditional promises to give, these portions of the awards will not be recognized as revenue until the grantor conditions are met.

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 5 – Conditional Grants and Contributions (continued)

In June 2019, the Organization received notice that a donor will contribute \$250,000 to a major initiative, contingent on the start of construction and receipt of building permits by May 31, 2021. As this represents a conditional promise to give, the amount will not be recognized as revenue until the conditions are met.

Note 6 – Property and Equipment

Property and equipment consist of the following at June 30, 2020:

Equipment	\$ 41,725
Less accumulated depreciation	<u>(36,292)</u>
	<u>\$ 5,433</u>

Note 7 – Forgivable Note Payable

The Organization entered into a Small Business Administration Paycheck Protection Program Promissory Note with a bank on April 30, 2020 for \$157,182 with a maturity date of April 30, 2022, if conditions are not met. The note is unsecured with an interest rate of 1%. Monthly payments of \$8,846 were originally due beginning on November 30, 2020, however subsequent to year end the bank delayed principal payments until August 2021, if conditions are not met. The outstanding principal balance is due in full on the maturity date, if conditions are not met. The note can be forgiven if the Organization meets certain criteria and applies for forgiveness with the Small Business Administration. The Organization expects to meet this criteria in order to have the full loan amount forgiven.

The following is a schedule of future minimum payments under the note payable, if conditions are not met, for the years ending June 30:

2021	\$ -
2022	<u>157,182</u>
	<u>\$ 157,182</u>

Note 8 – Lease Commitment

The Organization leases its office space under an operating agreement expiring in December 2020. Rent expense totaled \$32,463 for the year ended June 30, 2020. Future minimum lease payments for the year ending June 30, 2021 are \$16,500.

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 9 – Retirement Plan

The Organization has a contributory retirement plan known as a SIMPLE-IRA plan. The plan covers all fulltime employees who meet certain age and service requirements, and who elect to participate. Contributions are invested at the discretion of the plan participant. The plan expense for the year ended June 30, 2020 was \$15,226.

Note 10 – Net Assets Without Donor Restrictions – Board Designated

In 2013, the Organization received a \$5,000,000 contribution without restriction from a major donor. The Board of Directors used this contribution to establish the Community Parks Fund, which is used to further support its community partners through Board resolution. The Board of Directors has also established an operating reserve and, as discussed in the Note 12, designated net assets without donor restrictions to supplement the Streissguth Gardens Endowment Fund. Net assets without donor restrictions designated by the Board are included in cash and cash equivalents and investments and are to be used for the following purposes at June 30, 2020:

Community Parks Fund	\$ 5,888,912
Operating reserve	796,051
Streissguth Gardens Endowment Fund	<u>2,964</u>
	<u><u>\$ 6,687,927</u></u>

Note 11 – Net Assets with Donor Restrictions

Net assets with donor restrictions are composed of the following restrictions at June 30, 2020:

Restricted for a specified purpose or passage of time:	
Community Partnerships	\$ 2,601,321
Major Initiatives	2,216,790
Managed Funds	<u>700,091</u>
	5,518,202
Perpetual in nature:	
Streissguth Gardens Endowment Fund	<u>225,318</u>
	<u><u>\$ 5,743,520</u></u>

Note 12 – Endowment

Nature of Endowments and Applicable Laws – The Organization received perpetually restricted gifts from private donors to establish an endowment fund. The purpose of the fund is to provide supplemental maintenance funds for the Streissguth Gardens. Additionally, the Board of Directors designated net assets without donor restrictions to supplement the endowment. Since the Board designated amount resulted from an internal designation and is not donor-restricted, it is classified and reported within net assets without donor restrictions. The endowment funds are included in investments on the statement of financial position.

The Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as net assets with perpetual donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor restricted endowment fund that is not classified in net assets with perpetual donor restrictions is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Organization, and (7) the Organization's investment policies.

Investment and Spending Policies – The Streissguth Gardens Endowment Agreement outlines investment and spending policies for assets held in the endowment fund. The goal of the policy is to maintain the corpus in perpetuity and generate income over time with which to augment to budget for care, maintenance, and improvements, and fulfilment of the Vision and Mission of the Streissguth Gardens (Gardens). The Organization will make endowment earnings available for the Gardens' expenses, while at the same time, protecting the corpus and spending power of the fund against inflationary erosion in the future.

Under the Agreement's spending policy, net fund earnings will be used firstly to pay fiscal sponsor fees; secondly, an amount equal to 0.25% up to 3% of the annual earnings of the fund will be added to the corpus and reinvested in the fund; and lastly, remaining annual fund earnings will be used to pay expenses of the Gardens.

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 12 – Endowment (continued)

Endowment net assets composition by type of fund as of June 30, 2020 is as follows:

	Without Donor Restrictions - Board Designated	With Donor Restrictions		Total
		Purpose and Time Restricted	Perpetual in Nature	
Streissguth Gardens Endowment Fund	\$ 2,964	\$ 75,541	\$ 225,318	\$ 303,823

Changes to endowment net assets for the year ended June 30, 2020 are as follows:

	Without Donor Restrictions - Board Designated	With Donor Restrictions		Total
		Purpose Restricted	Perpetual in Nature	
Endowment net assets, June 30, 2019	\$ 2,764	\$ 74,018	\$ 224,846	\$ 301,628
Change in classification	200	-	-	200
Investment income, net of fees	-	9,315	472	9,787
Net appreciation	-	(5,598)	-	(5,598)
Amounts appropriated	-	(2,194)	-	(2,194)
Endowment net assets, June 30, 2020	\$ 2,964	\$ 75,541	\$ 225,318	\$ 303,823

Note 13 – Concentrations

As of June 30, 2020, 100% of accounts receivable was due from one government agency.

As of June 30, 2020, 22% of pledges receivable was due from one donor.

For the year ended June 30, 2020, 78% of government contracts were received from one agency.

Note 14 – Risks and Uncertainties

In December 2019, a novel strain of coronavirus (COVID-19) was reported in Wuhan, China. On March 11, 2020, the World Health Organization declared the outbreak to be a global pandemic. Management is actively monitoring the situation but given the daily evolution of the COVID-19 outbreak, the Organization is not able to estimate the effects of the COVID-19 outbreak on its operations or financial condition in the next twelve months. While significant uncertainty remains, the Organization does not believe the COVID-19 outbreak will have a negative impact on its ability to raise operating dollars or continue to support its community partners.

SEATTLE PARKS FOUNDATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Note 14 – Risks and Uncertainties (continued)

As a result of the pandemic, the Organization closed its administrative offices and is not renewing its lease, which terminates on December 31, 2020. Staff have been working from home. While in-person engagement events and meetings have been cancelled, there have been minimal and manageable effects on the Organization's operations. Any further impacts of the pandemic will depend on numerous evolving factors that cannot be reasonably predicted, including the duration and scope of the pandemic; governmental, business, and individuals' actions in response to the pandemic; and the impact on economic activity including the possibility of recession or financial market instability.

As discussed in Note 7, the Organization received a \$157,182 forgivable note payable under the Small Business Administration Payroll Protection Program and expects to meet qualifications to have the full loan amount forgiven. Overall, the Organization remains in strong financial position and does not project a cash shortfall in the next fiscal year.
