

SEATTLE PARKS FOUNDATION

Donor List | Sept 2021

Introduction | Thank You

This is a list of current donors as of September 21, 2021.

We are striving to do things differently and exploring new ways to do our work better so to support our city's public spaces and civic projects. We redesigned our donor list in our last newsletter to reflect our relationships and their longevity while celebrating how our mission cultivates and keeps long-time supporters.

The responses we received were very positive and encouraged us to continue to share our donor list by the date of their first gift instead of by amount given, listed alphabetically by last name. Click through the categories in the top bar to see the names of our many constituents and relationships. We are working to continue to recognize the many ways in which people contribute to our green spaces and support Seattle Parks Foundation, thank you!
