Grant Requirements

The undersigned certifies that all activities conducted with these grant funds shall qualify as exempt activities under Section 501(c)(3) of the Internal Revenue Code, and agrees:

- Funds will only be expended in accordance to the provisions stated in the application.
- To repay any portion of the amount granted which is not used for the furtherance of the project(s) referenced above. If the Foundation determines that grantee is not capable of satisfactorily completing the work of the grant, or that grantee has breached the terms of this grant contract, the Foundation may, at its discretion, demand repayment of grant funds, withhold payment of future grant funds and/or declare the grant terminated.
- To notify the Foundation immediately of any change in its tax or legal status, including but not limited to federal or state tax exemption; or any change to the executive staff, or to staff responsible for achieving the grant purposes.
- Not to expend any of these funds for any purpose other than religious, charitable, scientific or educational within the meaning of Internal Revenue Code Section 170(c)(2)(B).
- Not to expend any of these funds on lobbying activities whatsoever, nor for electioneering activities such as endorsing, campaigning, or otherwise supporting elected officials or candidates for public office.
- To make its books available to the Foundation upon reasonable advance notice during the grant period and for one year following the termination of the grant.
- If in the sole judgment of the Foundation any contingencies required under this grant are not fulfilled within the grant period, the grant shall expire, and the Foundation can demand full or partial repayment of grant funds.

Additional Conditions & Restrictions:

Support for *Cuidadores de Agua (Water Keepers)* was provided by the Puget Sound Stewardship and Mitigation Fund, a grantmaking fund enabled by Puget Soundkeeper Alliance's Clean Water Act enforcement program, which protects the health of Puget Sound and its residents by enforcing federal water quality laws against serious violators. The Fund's goal is to mitigate past pollution runoff by supporting community-based efforts to protect or improve the water quality of Puget Sound. The Rose Foundation for Communities and the Environment administers the Fund to enable community-based watershed stewardship in close nexus with the specifics of the enabling settlements.

Because the Fund is a partnership between Puget Soundkeeper Alliance and the Rose Foundation for Communities and the Environment, both organizations must be credited in any and all references to project funding. Please be aware that this is a binding requirement and failure to credit both Puget Soundkeeper and Rose Foundation will breach the terms of this grant and may trigger return of grant funds.

1. **Required by all grantees:**

Any products produced related to the Project, including but not limited to any signage or publicly distributed material including media releases and educational materials, must acknowledge both project funders via text or logo.

- Puget Soundkeeper logo: rosefdn.org/wp-content/uploads/2019/05/PSA-Logo.tif
- Rose Foundation logo: rosefdn.org/logo.

2. **Additional encouraged collaborative opportunity:**

In addition, in the spirit of community building, you are also encouraged to notify Puget Soundkeeper at nicole@pugetsoundkeeper.org at least two weeks before any significant events and activities related to the funded project. Events include, but are not limited to, ribbon cuttings, project launches, and community presentations.

Please initial to agree to these Additional Conditions and Restrictions.

Reporting Requirements

You are required to report on the activities that you conducted with this grant. **Your report due dates are as follows:**
